ASP FACTS

PRODUCT: **Detachable**

ADVANTAGE:
Extreme strength is combined with precision fit and an integral hold-open device in the ASP Detachable. The design allows rapid attachment and removal of keys from a variety of ASP keyring products.

SPECIFICATION:

· Precision machined
· Solid brass
· Hold-open feature
· Simple mechanism
· Extreme strength
· Patent 5,517,839

PERFORMANCE:

The ASP Detachable may be readily attached to a variety of ASP Batons. Keyrings can be easily removed and transferred from one baton to another.

SALES STRATEGY:

Compare the features and extreme strength of the Detachable to other mechanisms on the market.
