

ASP FACTS

FEATURE: Tungsten® Clip

ADVANTAGE:

Tungsten LED lights were designed as stand alone case lights, personal defense weapon (PDW) mounted tactical lights and clip attached pocket lights. The key to their versatility is the removable Tungsten Clip. It can be rapidly attached. The design is secure and robust. The clip is easily removed or replaced should it ever fatigue or become lost.

SPECIFICATION:

- Preformed spring steel
- Heat treated
- Black chrome plated
- Tensioned clip arm
- Oversized loop for jeans or tactical pants
- Rapidly attached
- Interchangeable with all Tungsten lights
- Clean appearance when removed

PERFORMANCE:

The secure, robust design of the Tungsten Clip is well suited to pocket carry. With the clip removed the light offers a clean appearance. It is ideal for use in a belt case or on a PDW.

SALES STRATEGY:

Explain the versatility of the Tungsten Clip. Demonstrate the ease of attachment. Show the clean appearance of the Tungsten with the clip removed.
